---

## Experience

### Main Flow Services and Technologies

Full Stack Web Developer Intern, Ghaziabad, Uttar Pradesh

10/2023 - 11/2023

- Developed and implemented data management strategies for a full-stack CRUD application, and utilized front-end data visualization techniques to enhance user experience.- HTML, CSS, JavaScript, MySQL.
  - Received a certificate of completion and recommendation for successfully concluding the Full Stack Web Developer Internship.
- 

## Projects

### Personal Portfolio

Visit Site:- <https://shrutisangwan07.github.io/Portfolio-Website/>

- In my portfolio, you'll find a diverse range of projects that highlight my skills and experiences.

### QuizNia - Online quiz web app (Academic Project)

- This quiz Web app was built using HTML, CSS, JavaScript, and its framework React, with a MySQL database to store user and quiz data.
- My role in developing the quiz Web app includes designing the interface and implementing key features.
- I worked closely with three other developers to integrate the front and back end and ensure a seamless user.

### PG Booking- Website

Visit Site:- <https://pglifes.com/>

- A simple ReactJS-based website was created for searching and booking PGs in a particular area.
- Designed and developed the front end using HTML, CSS, and JavaScript framework React and created the back end with a dummy database.

### SEO service site - WordPress

Visit Site:- <https://livepux.wordpress.com/>

- Developed an SEO service site web page using WordPress, utilizing the Elementor Pro plugin to create a website from scratch.
-
